

EXPERIENCE

LearningWorks

Jan 2014 - Nov 2015

Fulltime

Web Developer & Support Engineer

My responsibilities included front and back end development for Moodle, an open source LMS, and Wordpress sites. I designed and built custom themes, based on clients' branding guidelines, and developed unique plugins, extending the site functionality to suit the clients' needs. I was also responsible for supporting, troubleshooting, and solving any client issues regarding their LMS, including attending client meetings to discuss their solution requirements and design feedback.

I utilised the following skills on a daily basis:

- Skilled in PHP, CSS3, HTML5, JS, jQuery, SQL
- Comprehensive developer's understanding of Moodle, and Wordpress
- Design ability in Sketch3 and Photoshop
- Excellent customer relations and support

Timeshifting

July 2013 - Dec 2013

Part time

Web Developer

I worked part time as a Web Developer with Timeshifting, while finishing off my full time study at University. My core responsibilities included building custom Wordpress themes using a combination of PHP, HTML5 and CSS3.

Skills utilised:

- PHP, CSS3, HTML5, JS, Dojo
- Custom configuration of Wordpress sites

Ace Swimming Club

Oct 2008 - Nov 2013

Part time

Assistant Swim Coach

As Assistant Coach at Ace Swimming Club I was in charge of preparing and developing the junior swimmers for competitive swimming. Following the Long Term Athlete Development methodology, I focused on building junior swimmer's aerobic capacity and enhancing their technical ability on all strokes, as well as competition skills such as tumble turns, diving, and visualisation.

Skills utilised:

- Leadership and team building
- Session planning and reporting
- Communication
- Client liaison

EDUCATION

University of Waikato

Mar 2010 - Apr 2015

Bachelor of Science

Major in Computer Science

I completed my degree with a specialisation in Applied Computing, focusing on software development, web technology and databases.

Hamilton Boys' High School

Graduated Nov 2009

NCEA Level 3

I completed the highest level of high school education in New Zealand, acquiring credits in Mathematics, Physics, English, Computing, and German.

ACHIEVEMENTS

Innes48

Apr 2015

Most Innovative Award

I participated in New Zealand's largest start-up competition, Innes48, as part of the team, Ten Four. We were required to develop an idea for a startup company, complete with a 3 year business model, executive summary, financial plan, and presented the idea to a live audience, all within 48 hours. We won the Most Innovative award for our geo-located realtime video streaming app, CROWD.

Outward Bound

Jan 2010

Mind, Body & Soul

I completed a 21-day Outward Bound adventure course, where I learned to live outside my comfort zone and push myself to the limits. As part of the course we embarked on a 6 day sailing and tramping trip, which included summiting an 1100m mountain, as well as running a half marathon.
